**A visualization framework can be seen as a solution to a specialized data flow problem.**

Spiegel (Spiegel is the German word for mirror. Like the mirror in a telescope helps to observe the universe, Spiegel helps to observe the simulation of

Contact: Hans-Peter Bischof. Working in this area are several graduate and undergraduate students.

Projects and Collaborations:

- The Ligo Scientific Collaboration (LSC) is a well-organized collaboration of approximately 760 scientists worldwide who have joined together in the search for gravitational waves from the most violent events in the universe, such as the merger of black holes and neutron stars, the explosion of supernovae and the Big-Bang.
